

U-Series Copper Cassette

Description

U-Series Copper Cassette compliments the U-Series solution allowing for copper links to co-exist with fiber optic high-density fiber management. The copper cassette is fully compatible with 2RU, 1RU, and 0RU U-Series housings, accommodating to 5 cassettes in 1RU and up to 12 cassettes in 2RU space. Standard cassette comes with 4 x Category 6a screened tool-less RJ-45 keystone jacks for on-site cable termination. The cassette can be used as a platform to install factory-made copper pre-terminated assemblies.

Features and Benefits

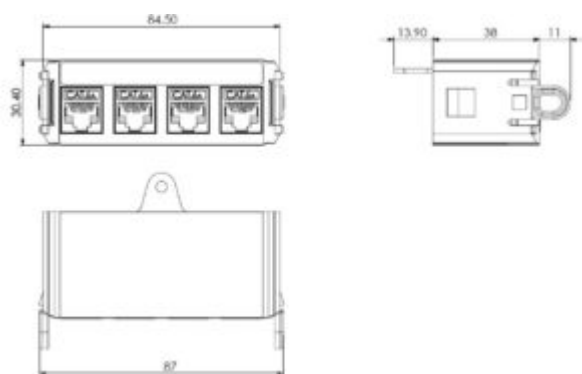

- Enables integration of copper links in U-Series solution
- Includes 4 x Category 6a screened tool-less RJ-45 keystone jacks
- Compatible with 2RU, 1RU, and 0RU U-Series housings
- Facilitates installation of copper pre-terminated assemblies
